

What is Zoom?

Zoom combines video conferencing, online meetings and in-conference group chat into one easy-to-use tool that is ideal for online class use. Your instructor will share a URL for you to join an online Zoom meeting.

Online meeting tips:

- If you will be sharing video, think about your surroundings before the meeting starts. Find a calm space to connect from. Close doors or move to a quiet room to minimize background noise.
- If your instructor has enabled the option, you can join the meeting a couple of minutes early to make sure your audio and video are working.
- Go over any ground rules your instructor provides for interacting in the online meeting.
- If you don't have a microphone, choose Phone Call as you enter the meeting.
